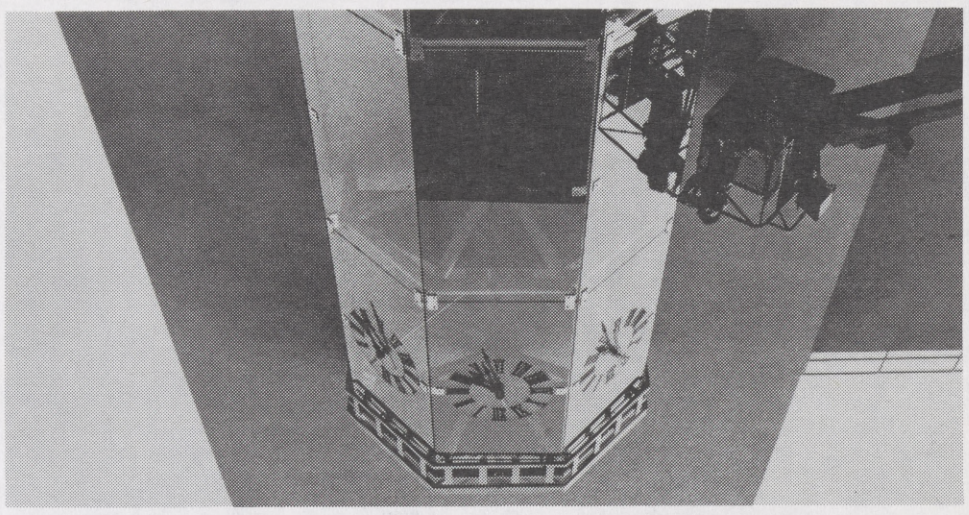
Kreyans Appointed New Chancellor



Workers put the finishing touches on the UCSF Founders Clock which was dedicated February 20 during ceremonies celebrating the campus's first Founders Day.

Julius R. Krevans, MD, dean of the UCSF School of Medicine, has been appointed the fifth chancellor of UCSF, it was announced by UC President David S. Saxon.

The appointment was recommended by Saxon and was made by the UC Regents at their meeting in San Francisco in January. Krevans will succeed Francis A. Sooy, MD, who announced last summer that he would resign as of July 1, 1982 after serving 10 years as Chancellor, in order to devote more time to his medical practice.

In announcing the appointment, Saxon said "Dr. Krevans came to UCSF San Francisco 10 years ago as dean of the School of Medicine. He joined the school at a critical point in its history, providing strong leadership at a time when recruitment of minority and women students needed attention, and when programs to reach out to the local community needed strengthening. Under his stewardship, the school has become recognized as preeminent in teaching, research, clinical care and public service."

Krevans earned both his AB and MD degrees from New York University. He went to Johns Hopkins University School of Medicine, 1940 to 1971, where he ended as dean for academic affairs. While at Hopkins, Krevans also was director of the Blood Bank, and made significant contributions in the field of hematology including service with a group that developed the immunization procedure for Rh mothers.

Houses For Sale

The University of California is selling to the public one duplex and one single-family home on the west side of Third Avenue, the last of the 13 properties in this location to be sold by the University.

The properties to be sold by sealed bid are: 1367-69 Third Avenue (lot 12, bl. 1758) duplex, zoned RH-2, minimum bid — $155,000, and 1379 Third Avenue (lot 14, bl. 1758) single-family home, zoned RH-2, minimum bid — $175,000.

Three open houses have been scheduled to view these properties: Friday, March 12, 1 to 5 p.m.; Wednesday, March 24, 9 a.m. to 1 p.m.; and Tuesday, April 6, 10 a.m. to 2 p.m.

UC will consider financing for qualified buyers. The terms would require 20% cash down payment of the purchase price. UC will carry an 80% loan secured by the property at 15% per annum interest only, with interest payable on a monthly basis, with the entire balance due five years from the date of note or upon sale or transfer of the property.

The sale will be managed by UC Systemwide Office in Berkeley. For bidding, financial and inspection instructions contact the UC Real Estate Office, Room 615, 2200 University Avenue, Berkeley, CA 94720 or call 642-6101.

Bids close on Thursday, April 22, 5 p.m. Public bids open Friday, April 23, 1:30 p.m., Room 690, 2200 University Ave., Berkeley.

For any additional information contact Robert LaPointe at 666-1131.

Blood Donation Mar 8

The neighborhood is invited to participate in UCSF's first blood drive of the year on Monday, March 8. Campus blood donation sites are the main lounge of Millberry Union, 500 Parnassus Avenue, 10 a.m. to 5:30 p.m., and the mezzanine level of the Nursing building (enter through Medical Sciences lobby, 513 Parnassus Avenue), 8 a.m. to 4 p.m.

All donors are invited to participate in a raffle for "dinner for two" at the Washington Square Bar & Grill, by depositing their blood donation receipts in raffle boxes at either donation site.

Appointments for donations may be made by contacting the Moffitt Hospital Blood Bank at 666-4013, or donors may visit either location at their convenience.

Night Security Shuttle

Visitors to the campus are reminded that the UCSF Night Security Shuttle continues to operate seven nights a week, 5:30 p.m. to 2 a.m. Station wagons leave approximately every 15 minutes from Moffitt Circle and the bus shelters at Langley Porter, the School of Dentistry building and the H level of Millberry Union garage. They transport people to the garage, public transit stops, homes and parked cars within the area bordered by Clarendon, Clayton, Golden Gate Park and Ninth Avenue. There is a pick-up point on Ninth Avenue in front of the "Donuts & Things" shop at the corner of Judah. For further information call 666-1414.

Grant for Perinatal Health

The Outpatient Improvement Program, Inc. at San Francisco General Hospital has received a six-month grant of $155,000 from the State Department of Health Services, Maternal and Child Health Branch, to help augment perinatal health services in southeast San Francisco.

The grant will make possible special health and social services to an estimated 250 high-risk pregnant women and infants who receive care at the SFGH Teen Clinic, Health Centers No. 3 and 4 (Silver Avenue and Chinatown) and the Southeast Health Center. Such services were formerly provided under a state-funded UCSF/SFGH Perinatal Health Project which ended in June, 1980. For further information on these health services call 821-5106.

Special Spring Classes

Millberry Union, UCSF's student union, is offering several classes this spring on self-development, fitness and health. Included for the first time are programs for senior members of the community including Fitness with Feeling, Elderdance, Quilting and Ease-er-cise.

Programs for children are Infant Aquatics, Kindergym, and Patterns of Infant Movement.

New exercise and fitness programs including Advance Exercise Workout and Tai Chi and outdoor activities such as scuba diving and sailing are available. Massage workshops, madrigal singing and handwriting analysis are offered.

Registration for these and other ongoing classes begins Tuesday, April 6, 8 a.m. to 2 p.m. and 4 to 7 p.m. at the Central Desk of Millberry Union, 500 Parnassus Avenue. Registration continues through the first week of classes at the Athletic Control Desk of Millberry Union. For further information or a free brochure call 666-1800.

Dinner for Mom

The Hospitals and Clinics Maternity Service now offers a candlelight dinner to new mothers and fathers the night before mother and baby are to be discharged. Before dinner, champagne is served, followed by a choice of entree served on special dishes, and an appropriate dinner wine. Fresh cut flowers are provided.

Study Shows Needless Deaths

Forty-two percent of those who lost their lives after Bay Area traffic accidents may have died needlessly because of uncoordinated emergency care, according to a recent study by Donald Trunkey, MD, chief of Surgery at SFGH.

The study, based on a review of 302 autopsy reports from eight Bay Area counties (not including San Francisco), was published in the February issue of *San Francisco Medicine.*

Solano and Marin counties had the highest percentages of preventable deaths. San Francisco, which has a trauma center at SFGH, was not included in the study, but figures gathered during an earlier comparison found that only one of 92 S.F. auto deaths was preventable. Trunkey's study recommends that at least four more trauma centers similar to SFGH's be established.

Help For Parents

A five part workshop to help parents ease the transition from childhood to the teenage years will be held on Wednesdays, April 14, 21, 28 and May 5 and 12, from 4:30 to 6 p.m. at the UCSF Youth Clinic, 400 Parnassus Avenue. The workshop is $25 per person; $35 per couple, and is open to parents of teens 11 to 13 years of age.

Workshop discussion will focus on bodily changes in early adolescence, sexuality, changes in relation to the family and normal problems during these years. Advance registration is required by calling 666-2184.
